

Help your clients liquidate their unwanted gold & silver

They don't use it. They want to gift money. Their heirs or creditors prefer to split cash.

Your clients can sell it safely and securely at their home or your office

Why DMK Metal?

Convenience. I meet with your client wherever they are most comfortable – their home, bank, or your office.

Expertise. I separate items into lots of sterling silver, 10K, 14K, 18K, gold and silver coins, etc. Then weigh each lot, appraise, and purchase.

Price. I pay more than retail stores since I do not have overhead such as rent and employees.

Friendly, respectful, and honest. I have worked in customer service and sales for 25+ years and have great respect for your clients' time and property.

I PAY CASH FOR:

Sterling Flatware
Broken Jewelry
Sterling Serving Pieces
Watches

Unwanted Gold and Silver Jewelry
Dental Gold
First Engagement Rings
Pre 1965 U.S. Coins

YOUR CLIENTS SELL THEIR GOLD & SILVER FOR MANY REASONS:

Heirs don't want it
